TOLEDO TELEPHONE DIRECTORY

CIVIC SECTION

Furnished by The Toledo Chamber of Commerce

FACTS ABOUT TOLEDO

Toledo is situated on the southwestern tip of Lake Erie and at the mouth of the Maumee River. Many years before the port of Toledo became the world's largest shipper of coal, which it is today with shipments of more than 22,000,000 tons annually, it was a trading and shipping center.

TRANSPORTATION

Back in 1845 lake carriers, some steam and many sail, came to Toledo laden with goods. They left here loaded with products of this area, salt, sugar, textiles, spices, boots, shoes and other merchandise. Toledo was a traffic center for lumber, receiving by boat millions of feet annually from the pine forests of the Lake Huron area and then forwarding the shipments by rail.

Toledo ranks as one of the largest rail centers in the United States, there being 14 railroads leading in and out of the city and three intra-city lines. A 29-mile terminal belt line encircles the city and furnishes interchange transfer to all the other roads. The year 1950 will see completion of Toledo's new Union Station. A gala community celebration of its opening for the fall is being planned.

More than 134 motor truck lines serve Toledo, rendering a complete motor truck service to every community in the United States, either directly or by through connection. U. S. highways leading to Toledo are 20, 23, 24, 25, 68 and 223, and the State Route Numbers are 2, 65, 102, 120, 183, 199, 246, 333, 568 and 577. Eleven motor bus lines serve Toledo and operate out of two downtown bus centers.

The Toledo Municipal Airport, situated 20 minutes southeast of the city, covers 513 acres. Four major air lines operate schedules from the airport to practically all the principal cities in the nation.

INDUSTRIAL

While many of Toledo's large plants are identified with the automobile, it also has a wide diversification of industry. For instance—as headquarters of the Owens-Illinois Glass Company, Libbey-Owens-Ford Glass Company and the Owens-Corning Fiberglass Corporation—Toledo is called "The Glass Center of the World." It is likewise the home of the world's largest manufacturer of oil-field equipment; a center for petroleum refining; pig iron production; steel, iron and non-ferrous castings; elevators; machine tools; textile products; scales; sprayers; ships; a variety of food processing and household equipment and plastics.

UTILITIES

Utility services, water, sewer, electricity, gas, telephone, public transportation, fire protection are more than ample. Toledo's water system, with inexhaustible Lake Erie as its source of supply, was completed in 1941 at a cost of slightly more than $10,000,000. Daily capacity is 80,000,000 gallons of purified water and 150,000,000 gallons daily at the intake.

POPULATION

Population of Toledo proper is 301,372, based on the 1950 report of the U. S. Census Bureau. Population of Lucas County is 392,640, according to the Bureau. Characteristics of the Population reveal that approximately 92 per cent of the inhabitants are native born.

Population of the surrounding communities are: Maumee, 5,521; Ottawa Hills, 2,300; Sylvania, 2,430; Perrysburg, 4,000 (Estimate); Rossford, 4,000 (Estimate).

EDUCATION

More than 90 public and parochial schools have an approximate enrollment of 47,000 pupils. The University of Toledo is a municipal institution and plays an important part in the community life, especially through its expanding industrial research division.

SOME POINTS OF INTEREST

Toledo is proud of its public library system which includes a main library in the downtown section and 10 branches. The main library built at a cost of $2,000,000 was opened in 1940 and occupies the entire square bounded by Michigan, Adams, Tenth and Madison. First known general circulation of books in Toledo was in 1838, one year after incorporation of the city.

One of the largest and finest museums of arts, The Toledo Museum of Art, is recognized as one of the city's great educational and cultural assets. It is more than a repository for masterpieces because thousands attend the many study classes and other activities conducted in the institution, founded by Edward Drummond Libbey. It is internationally known for its paintings, sculpture, glass and other exhibits as well as for its beautiful buildings.

Another of the community's widely-recognized institutions is Walbridge Park where the Toledo Zoological Gardens are located. More than 2,000 specimens are housed in 10 modern buildings, there is a new Garden Center building and remodeled greenhouse, an aquarium, an auditorium with a seating capacity of 1,000 persons and an outdoor amphitheater with a seating capacity of 5,000 persons. Thousands enjoy under the skies the summer entertainment programs presented in the Zoo amphitheater. The Zoo is visited annually by more than 1,000,000 people and funds for its operation are provided by the municipality and the Toledo Zoological Society, an organization of more than 4,000 members and contributors.

GENERAL

There are over 300 churches with practically all denominations represented. It is the See of the Roman Catholic Diocese of Toledo, with a beautiful and impressive cathedral.

There are 13 hospitals and plans have been announced for expansion of hospital facilities. There are 30 motion picture houses. Outstanding in sports are the Toledo baseball team, entrant in the American Association, the University of Toledo basketball team and the Toledo Mercury Hockey Team in the International Hockey League.

Clearing house for business and a leader in movements for civic betterment and community spirit is the Toledo Chamber of Commerce. Composed of 2,400 business and professional people, the Chamber through its well-trained staff and committees strives constantly to increase the business of the city and to make it richer in community life.

BRIEF DIGEST OF TRAFFIC LAWS AND REGULATIONS FOR TOLEDO

PARKING METERS: Whenever a vehicle shall be parked in an individual parking space where a parking meter has been installed, the person parking such vehicle shall deposit a five cent coin of United States money in said parking meter, if such meter displays the signal showing that legal parking is permitted only on such deposit.

(a) The safety director shall, in accordance with the provisions of the general traffic ordinance, determine the length of time that parking is permissible in an individual parking space for which a meter is installed upon the deposit of five cents in the parking meter as hereinbefore provided. Notice to the public shall be given by appropriate signs setting forth the length of time for which parking is permitted and the conditions thereof. These may be upon the parking meter stand or in the immediate vicinity. Any vehicle which remains in an individual parking space after the prescribed time for parking, is hereby determined to be illegally parked but in no event shall it be considered illegal parking if the meter displays the signal showing that a proper deposit has been made for such parking.

(b) These provisions of this ordinance shall not apply to vehicles parked or standing upon the streets of the City in the congested area hereinbefore designated when such vehicles are parked or standing upon such streets between the hours of 6 p.m. and 7 a.m. the following morning and upon Sundays and holidays unless a different rule or regulation is established.

CERTAIN VEHICLES GIVEN RIGHT OF WAY: Police vehicles, fire apparatus and ambulances while answering a call, shall have the right of way in a street and the driver of a vehicle, upon seeing or hearing such police vehicle, fire apparatus or ambulance, shall drive to the right curb of the street in the direction he is going and remain at a standstill until such police vehicle, fire apparatus or ambulance shall have passed or stopped.

RIGHT OF WAY UPON ENTERING A STREET:

(a) The driver of any vehicle approaching a public street from any private or commercial driveway, or alley, shall give the right of way to the driver of the vehicle passing on said public street or to a pedestrian passing on the sidewalk, crossing such private or commercial driveway or alley.

(b) The driver of a vehicle which is being operated in an alley shall bring such vehicle to a stop at the sidewalk line nearest to such vehicle before the entrance of such vehicle into a street.

TRAFFIC CONTROL SIGNAL LEGEND

(a) Whenever traffic at an intersection is controlled by traffic control signals exhibiting colored lights or the words "Go," "Caution," and "Stop" said lights and terms shall indicate as follows.

(b) Green or "Go"—Traffic facing the signal may proceed, except that vehicular traffic shall yield the right of way to pedestrians and vehicles lawfully within a crosswalk or designated line, or the intersection at the time such signal was exhibited.

(c) Yellow or "Caution"—When shown alone or together with the green or "Go" traffic facing the signal shall stop before entering the nearest crosswalk or designated line at the intersection.

(d) Red or "Stop"—Traffic facing the signal shall stop before entering the nearest crosswalk at the intersection or at such other point as may be designated by the Director, and remain standing until green or "Go" is shown alone.

COLLISION WITH UNATTENDED VEHICLE

The driver of any vehicle, trackless trolley, bicycle or push cart which collides with any vehicle, street car, trackless trolley, bicycle or push cart which is unattended shall immediately stop and shall then and there either locate and notify the operator or owner of such vehicle, street car, trackless trolley, bicycle or push cart of the name and address of the driver of the vehicle, street car, trackless trolley, bicycle or push cart striking the unattended vehicle, street car, trackless trolley, bicycle or push cart or shall leave in a conspicuous place in or on the vehicle, street car, trackless trolley, bicycle or push cart struck a written notice giving the name, address of the driver of the vehicle, street car, trackless trolley, bicycle or push cart doing the striking.

NOTICE

Parking on all Toledo streets for more than 30 minutes is prohibited between 2 a.m. and 5 a.m. Lights are required on all parked vehicles one-half hour after sundown to one hour before sunrise, except on streets that have been designated by City Council as boulevards and have boulevard lighting. All-night parking is unlawful.

Ignorance of the law is no excuse—it is your duty to know the law.

When you are using your party-line telephone, and the other party picks up *his* telephone to make a call, you will hear a faint "click." It is a polite signal that the other party would like to place a call. The friendly, considerate thing to do at that point is to wind up your conversation as soon as possible.

Stranger in town? The Yellow Pages will help you in your buying.

They cost the same

Have BOTH in your New Home

The well-planned modern home includes built-in outlets . . . no more exposed wire on new walls. Concealed telephone wiring adds only a tiny amount to your total wiring bills, yet pays big dividends in convenience and neatness. The Telephone Co. will help you or your contractor plan this wiring without charge.

THE YOUNGER GENERATION'S TELEPHONE REPUTATION

*Does your offspring rate cheers or groans as a telephone user? Some young people do stay on the telephone for hour-long sessions, studying, playing records or just talking. Such habits cut off the other party's service and give the young folks a bad telephone reputation.

Imagine o huge shopping center housing every office ond store in town. That is the size of the Yellow Poge morket. But in this morket you do not hove to wolk from shop to shop to get prices—and there is no woiting in line. Just look under the proper heoding in the Yellow Poges. A few phone colls . . . ond you moke your purchose without stirring from your choir.

Introducing
POOR PETER PILLOW
. . who never gets a bath

OH-H-H WHAT A TUMMYACHE! I'VE EATEN TOO MUCH PERSPIRATION, DUST AND DIRT!

***the* STERILLOW PROCESS**
STERILIZES PILLOW FEATHERS IN LIVE STEAM AT 315 DEGREES UNTIL THEY'RE "HOSPITAL "CLEAN . . . .

For Those Who Demand the Best in Odorless Cleaning...We Offer Exclusive Cleaning on All Fine Garments, Furs, Draperies, Formals, Fancy Lace, Spreads, and Slip Covers. Free Guaranteed Mothproofing Service.

Imagine a huge shopping center housing every office and store in town. That is the size of the Yellow Page market. But in this market you do not have to walk from shop to shop to get prices—and there is no waiting in line. Just look under the proper heading in the Yellow Pages. A few phone calls . . . and you make your purchase without stirring from your chair.
